

Online Learning for APN Partners

Remote Training and Certification Options Now Available

The way we work is rapidly changing, which is why we've made it even easier to build your AWS Cloud skills.

From hundreds of free, self-paced digital courses to virtual classroom training led by AWS experts, AWS Training and Certification provides flexible ways for you to learn.

Whether you're just getting started, exploring new proficiencies like machine learning, or sharpening your skills, AWS Training and Certification can help you get ready. You'll build skills to help you innovate during any stage of your partnership with AWS.

Once you're ready, validate your cloud skills with an AWS Certification. Now available with online proctoring, all of our certification exams can be taken virtually.

✓ **All AWS Training courses are now available virtually**

✓ **All AWS Certification Exam Readiness Courses are free**
