

Avaya's Response to COVID-19

Avaya Spaces—The App for How You're Working Now

The nature of work is ever changing. Right now, it's more fast-paced, less predictable. Avaya Spaces is how to handle your usual tasks, but also the unplanned and new-priority work that arrives nearly every day. Work from anywhere and still show up.

EXTENSIBLE TECHNOLOGY

Powerful Collaboration for the Digital Workplace

Avaya Spaces changes the way work gets done. Bring together your globally distributed teams instantly with immersive, 24/7 collaboration. Seamless integration makes it easy to use the cloud solutions you already have, like Salesforce, Office 365, G-Suite and Slack.

INNOVATION AT THE EDGE

Work in New and Ingenious Ways

Create the unique solution that your business really needs. Because Avaya Spaces is built on the Avaya OneCloud CPaaS platform, you can easily extend and scale its functionality to include things like AI, chatbots, IoT and more. The possibilities are limitless.

Instantly Connect Your Video Room to Your Avaya Spaces Meeting

Use Avaya Spaces with the Avaya IX Collaboration Unit to turn any TV or video display in your home or office into a video room. Easy to set up, easy to use, easy on the budget. And one touch on your mobile, laptop, or calendar instantly adds your video room to your Avaya Spaces meeting.

Free Avaya Spaces

Our robust cloud-based meetings and collaboration app integrate chat, voice, video, online meetings, and content sharing, employees can coordinate work and securely meet on the fly using a web browser or mobile app. Avaya Spaces is now also available for free to organizations of any kind for 60 days.
