

Turn long-term sustainability goals into reality with Cisco Green Pay

As companies take action to reduce carbon emissions and minimize waste, they are looking for ways to build a more sustainable IT strategy and dispose of their aging infrastructure. Cisco Green Pay helps you align your business needs with your company's environmental, social and governance goals and provides a path for businesses of all sizes to access Cisco's sustainable solutions.

Cisco Green Pay supports the circular use of Cisco's sustainable technologies. At the end of the term, the product is recovered by Cisco free of charge.

Cisco Green Pay enables you to enter the circular economy more quickly and helps you meet your sustainability goals. This IT payment solution:

- Enables you to transition to more sustainable IT
- Offers you reliable Cisco solutions and ensures you are benefiting from the latest innovation

"The circular economy can contribute to tackling the 45 per cent of global greenhouse gas emissions that cannot be resolved by transitioning to renewable energy alone."

Ellen McArthur Foundation

Duration

July 29, 2023

Payment solutions, applicable lenders and availability of any referenced programs will vary by country. Financing and service offerings through Cisco Systems Capital Corporation and its affiliates (collectively, "Cisco Capital") are available in certain countries and are subject to credit approval and execution of standard Cisco Capital documentation. Payment solutions not available through Cisco Capital may be offered by an independent financing source. Rates and terms are based on customer's credit rating, offering types, product type and options. Not all customers may qualify. Not all services or offers are available in all countries. Other restrictions may apply. Cisco Capital reserves the right to changes or cancel the foregoing at any time without notice. In California, loans offered by Cisco Capital will be made or arranged pursuant to a California Financing Law License.

With Cisco Green Pay, you can:

- Enter the circular economy and address your sustainability goals.
- Benefit from a 5% incentive on Cisco equipment at the outset.
- Pay only 95% of the hardware cost and spread payments over five years.
- Bundle in software and services and streamline your total project costs into a fixed and predictable payment.
- Return the equipment at the end of the term, ensuring its optimal lifecycle. Your return will generate written confirmation that your Cisco equipment has entered the circular economy.
- Choose to evolve to the latest sustainable Cisco technology at the end of the term or exercise the option to extend for one additional year.
