

0% Financing on Extreme Networks Multi-Year Service Agreements

Extreme Networks Multi-Year Service Contracts

At Extreme Networks, we understand the constant and evolving challenges our customers face protecting and maintaining an enterprise network. It's essential that networks are continuously optimized and updated to ensure secure connectivity, whether wired or wireless.

A multi-year services contract not only provides peace of mind, but also preserves your access to continued support and provides the software updates necessary to maintain network satisfaction for your customers. 0% Financing makes this more accessible than ever.

The Benefits of Financing a Multi-Year Contract:

- The convenience to make monthly payments over the term of the contract
- Locked-in discounted pricing for the duration of the contract
- Convenience to combine hardware and services with financing a single monthly payment option

Why is Maintenance Support Important?

Our maintenance services are in place to ensure you avoid future issues, while our Global Technical Assistance Center (GTAC) team and eSupport website enable you to quickly research and resolve issues.

We Continue to Provide Customers with the Highest Quality of Service:

- In-house 24x7x365 GTAC Global support
- Application Updates and Upgrades
- Advanced Hardware Replacement
- On-site Maintenance Services
- Web support to enable your IT staff a knowledge base to improve network performance

Our 100% customer satisfaction rating from Gartner's Peer Insights study and 93% first person resolution is a key differentiator that makes Extreme the leader in services and support.

How to Qualify for Multi-Year Financing:

1. Contact your Extreme services account manager or partner for a quote
2. Submit a credit application with Extreme Capital Solutions
3. Once approved, you'll receive a financing quote from Extreme Capital Solutions

Program Guidelines:

Financing approval through Extreme Capital Solutions.

The Clock is Ticking!
