[SHORT: 25+ WORDS]

The open office is full of all kinds of distractions. Like Emotional Support Ferrets. Help teams escape the ferrets (and the chatty co-workers who love them) with a smart huddle room.

[MEDIUM: 50+ WORDS]

The open office is full of all kinds of distractions. Like Emotional Support Ferrets and the chatty co-workers who love them. Help teams escape the perils of the open office into a haven of productivity: a smart huddle room. It allows them to explore big ideas in a small room, connecting with each other and with remote teams with best-in-class audio, dynamic video, and zero distractions.

[LONG: 100+ WORDS]

The open office is full of all kinds of distractions. Like Emotional Support Ferrets and the chatty co-workers who love them. It doesn't really matter if the interruptions are furry, human, or otherwise—they're simply a problem in offices around the world. But you can help teams escape the many perils of the open office into a haven of productivity: a smart huddle room. It allows them to explore big ideas in a small room, connecting with each other and with remote teams with best-in-class audio, dynamic video, and zero distractions. Give teams the tools they need to boost productivity—even when surrounded by squeaking ferrets.
