Rapid Outdoor Connectivity Kit

The Rapid Outdoor Connectivity Kit delivers secure and resilient connectivity for tents and other temporary pop-up locations. Based on powerful, Wi-Fi 6 meshed technology, this solution provides a secure, encrypted extension of your existing communications infrastructure.

- Can your healthcare organisation scale its network to support multiple pop-up clinics, testing facilities and quarantine sites?
- Is your hospital currently overrun with voice, video, and data demands?

Extreme's quick-response, cloud-managed Wi-Fi 6 mesh network solution can be deployed rapidly to pop-up clinics, testing facilities and quarantine sites.
